- The World Organisation for Animal Health (WOAH), the Food and Agriculture Organization of the United Nations (FAO), the World Health Organization (WHO) and the United Nations Environment Programme (UNEP) signed a quadripartite Memorandum of Understanding (MOU) regarding their cooperation to combat health risks at the animal-human-ecosystems interface in the context of the One Health approach and including antimicrobial resistance. Through this MOU, the Tripartite includes UNEP as an equal partner and becomes **the Quadripartite**.

WOAH (founded as OIE) is a global organisation, working to ensure the health of animals across the world. Since 1924, we have focused on the complexities of animal health. We disseminate information on animal diseases and use science-based strategies to limit their potentially negative impact on society.
