Improving aquatic animal health and welfare worldwide

World Organisation
for Animal Health
Founded as OIE

bulletin.woah.org

Acknowledging the need to build more sustainable aquatic animal health systems, the World Organisation for Animal Health (WOAH) launched its first Aquatic Animal Health Strategy in May 2021, at the occasion of its 88th General Session. This Strategy will improve aquatic animal health and welfare worldwide, contributing to sustainable economic growth, poverty alleviation and food security, thereby supporting the achievement of the Sustainable Development Goals (SDGs).

WOAH (founded as OIE) is a global organisation, working to ensure the health of animals across the world. Since 1924, we have focused on the complexities of animal health. We disseminate information on animal diseases and use science-based strategies to limit their potentially negative impact on society.
