Improving aquatic animal health and welfare worldwide

World Organisation
for Animal Health
Founded as OIE

bulletin.woah.org

This paper describes the current global context and systems for emergency management, identifies and characterises threats, describes planning approaches and tools, discusses the range of objectives that must be balanced, and introduces the emergency management disciplines. OIE's expanding programmes and services to Members to develop emergency management capacities are summarised, with conclusions drawn that will shape future directions.

KEYWORDS

#aquaculture, #aquatic animal, #strategy, #WOAH Aquatic Animal Health Strategy, #World Organisation for Animal Health (WOAH)

WOAH (founded as OIE) is a global organisation, working to ensure the health of animals across the world. Since 1924, we have focused on the complexities of animal health. We disseminate information on animal diseases and use science-based strategies to limit their potentially negative impact on society.
