Improving aquatic animal health and welfare worldwide

World Organisation
for Animal Health
Founded as OIE

bulletin.woah.org

As the world's second-largest aquaculture producer, but also a country with high marine biodiversity, Indonesia is anticipating rapid expansion of the aquaculture sector over the next five years through creation of a comprehensive national medium-term development plan (RPJMN) that should fully integrate ecosystem-based approaches to aquaculture development.

BEST PRACTICES FOR AQUACULTURE MANAGEMENT

GUIDANCE FOR IMPLEMENTING THE ECOSYSTEM
APPROACH IN INDONESIA AND BEYOND

WOAH (founded as OIE) is a global organisation, working to ensure the health of animals across the world. Since 1924, we have focused on the complexities of animal health. We disseminate information on animal diseases and use science-based strategies to limit their potentially negative impact on society.
