

MEMORANDUM OF UNDERSTANDING

AFRICAN HORSE SICKNESS ERADICATION

DEPARTMENT OF LIVESTOCK DEVELOPMENT

คณะวิศวกรรมศาสตร์ มหาวิทยาลัยเทคโนโลยีราชมงคลธัญบุรี กรุงเทพมหานคร ๒๕๕๖

1

- **Disease surveillance in zebra:** to monitor AHS in zebras, the DLD provides laboratory diagnosis, while the Department of National Park, Wildlife, and Plant Conservation and Zoological Park Organization conduct sample collection.

Our collaboration is not only in the paper but we are also implementing them!

** The Department of Livestock Development (DLD) is the Veterinary Services of Thailand.*

We wish to thank the following authors for writing this article for the OIE News: Dr Nopphan Ponpai, Bureau of Disease Control and Veterinary Services, DLD, Dr Nattavadee Paramanon, OIE focal point on communication, DLD and Dr Naree Ketusing, Division of International Livestock Cooperation, DLD.

DLD, DNP and ZPO team for surveillance in zebra.

TEF donated nets to the DLD local office to distribute to horse owners.
